at [respect.life@stmarknc.org](mailto:respect.life@stmarknc.org).

- Did humans evolve from apes?
- How did (and does) evolution influence Planned Parenthood and other advocates of birth control, eugenics, sterilization and abortion?
- What is the link between the culture of death and evolution?
- What is the traditional doctrine of creation and how can it help win back fallen away Catholics – especially the youth?
- To learn more visit:

*The Kolbe Center for the Study of Creation* is a Catholic apostolate founded in 2000 to educate the public, particularly within the Catholic Church, in the truth of creation as revealed in Sacred Scripture and Sacred Tradition and as confirmed by the findings of modern science. Its work has been endorsed by noted faithful Catholics including Bishop Athanasius Schneider and exorcist/theologian Fr. Chad Ripberger.
